

Termly Learning Bulletin Redwood Class

In English, we will be:

- Reading *Pig Heart Boy* and *How to Live Forever* as part of our guided reading
- Learning how to write war poetry and sonnets with our creative pens
- Exploring the features of an explanatory text and news reports in non-fiction
- Building on our learning of tenses, structural devices and form whilst keeping an eye on our punctuation in our grammar focus

In Maths, we will be learning :

- How to add, subtract and compare different fractions (Y6)
- How to use multiply and divide fractions and find the fraction of an amount (Y6)
- How to use metric and imperial units of measurement (Y6)
- How to multiply and divide and deepen our understanding of multiples (Y5)
- How to find equivalent fractions and convert (Y5)
- How to add, subtract and compare different fractions (Y5)
- How our multiplications need to be mastered in order to tackle the above (Y5)

In Science, we will be learning about animals (including humans) in biology

We will also be learning about:

- World War II and the Battle of Britain in history
- Exploring levers and gears in DT and cubism in Art
- Why we celebrate difference in PSHE and thinking about the connections in beliefs across different religions

Reminders!

Don't forget to come in wearing your PE kit on a Tuesday and Friday.

Reading books should be brought into school everyday
